SAM's e-Magazine
INSIGHTS
Out of Syllabus

ABOUT COVERAGEPAGE

The cover page depicts a mind's SCIENTIFIC APPROACH and is designed by AKASH GITE, who completed his M.Sc. Microbiology during the Year 2017-18 and is presently working in a Pharma Co "Encube Ethicals" at Goa. Natural artist by birth he painted the cover page as oil-on-canvas, for SAM's INSIGHT e-Magazine, which was also approved lateron for the DSM Annual Magazine for this Year 2019. Akash describes the cover page in his own words - "Here some description I would like to share with you. The black and red colour represents the evil and danger to the mankind. The golden yellow colour to background representing the science. The base of all existing things. The violet colour to the second figure represents the progress as the mankind it self means green which. Of course the selected figures don't need further explanation".
